

## THE MONTAGU ARMS

Our wine list at the Terrace Restaurant consists of wines which have been chosen to complement the cuisine of our Head Chef Matthew Tomkinson. As a living wine list it will change and expand and represents the different styles of wine being made in the world today, reflecting the true character of its origins.

Our vision is to create a wine list that is accessible to everyone; the summary on the next page will help you to find the wine and the country that you wish to discover.

As a living wine list, it will continuously evolve and will exhibit wine characteristics of each region, how they differ from each other and we will have selected only the best examples of each wine from emerging wine locations to the reliable old classics including :

42 organic and 27 biodynamic wines.

### Orange Wine

Orange wines are white wines aged extensively on their grape skins, seeds and stems until the juice obtains a tannic character. In addition ageing and fermentation are often done in open air, so the wine partly oxidises, thus its distinctive burnt orangey colour. Some growers like to go further and age their wine in clay amphorae buried in the ground others use open top barrels. All are pursuing a highly natural, anti-technological vinification homage to the methods of a bygone age.
