

THE MONTAGU ARMS

Our wine list at the Terrace Restaurant consists of wines which have been chosen to complement the cuisine of our Head Chef Matthew Tomkinson. As a living wine list it will change and expand and represents the different styles of wine being made in the world today, reflecting the true character of its origins.

Our vision is to create a wine list that is accessible to everyone; the summary on the next page will help you to find the wine and the country that you wish to discover.

As a living wine list, it will continuously evolve and will exhibit wine characteristics of each region, how they differ from each other and we will have selected only the best examples of each wine from emerging wine locations to the reliable old classics including :

39 organic and 25 biodynamic wines.

Wine made with organically grown grapes

Wine made using the principles of biodynamic agriculture

The following wines were carefully selected because of their high quality, value and food-matching ability.

Finally, we hope you will have an enjoyable, relaxing and memorable experience with us.

~

Sergio Dos Santos DipWSET
Head Sommelier

All wines contain sulphites, which are produced naturally during the winemaking process

It is not possible to guarantee continuity of all vintages and producers in this list and in some cases a suitable alternative may be served

PRICES ARE IN POUNDS STERLING & INCLUDE VALUE ADDED TAX.

Coravin™ Fine Wine Selection

Enjoy a glass of wine from some of the greatest vineyards and producers, some Fine Wines from our cellar have been carefully selected for you to taste. We use the Coravin™ wine system which enables us to pour exclusive wines without actually opening the bottles, so it is the perfect opportunity for you to try something rare and special.

140	 L'instant Rosé (Cabernet Sauvignon) Grande Courtade	Languedoc	2017	£36.00

Orange Wine

Orange wines are white wines aged extensively on their grape skins, seeds and stems until the juice obtains a tannic character. In addition ageing and fermentation are often done in open air, so the wine partly oxidises, thus its distinctive burnt orangey colour. Some growers like to go further and age their wine in clay amphorae buried in the ground others use open top barrels. All are pursuing a highly natural, anti-technological vinification homage to the methods of a bygone age.

Italy
